# T65

## Compact Hand Push Dual Brush Scrubber

360° Maneuverability/  
Low-Clearance Cleaning

### T65 Technical Specifications

|                                   |                   |             |
|-----------------------------------|-------------------|-------------|
| Brush Speed                       | prm/min           | 0-350       |
| Weight (with battery)             | KG                | 17.5        |
| Voltage                           | V                 | 36          |
| Total Power                       | W                 | 240         |
| Brush Pressure                    | KG                | 6           |
| Cleaning Width                    | mm                | 2*214       |
| Cleaning Efficiency (theoretical) | m <sup>2</sup> /h | 800-1000    |
| Vacuum Degree                     | KPa               | 10-14       |
| Disc Brush Motor                  | W                 | 2*70        |
| Suction Motor                     | W                 | 90          |
| Squeegee Width                    | mm                | 440         |
| Battery(lithium)                  | /                 | 1*36V;8Ah   |
| Clean Water Tank Capacity         | L                 | 3           |
| Sewage Tank Capacity              | L                 | 4.2         |
| Working Time                      | H                 | 1-1.5       |
| Noise                             | dB(A)             | 65-67       |
| Gross Weight                      | KG                | 20.5        |
| Package Size                      | mm                | 580*530*335 |
|                                   |                   |             |
